No knowledge of arithmetic is required to enjoy this. All you need is a logical mind, a pencil and an eraser. Try it. Suffer its torture. Discover its ecstasy. It's a mind game you will solve with reasoning and logic. The rules are very simple. Fill in the grid with numbers so that every row, every column and every small 3x3 box contains the numbers 1 to 9. Each number has its allotted place if you look hard enough. No number should be repeated in any row, column or 3x3 box. Here's an easy one to try - See tomorrow's Island for solution.

Kareena Kapoor going places with Tashan

Her look has been the talk of the town; every other girl likes to look like Kareena and dreams to get that fab Hollywood like abs. No matter how Tashan fares at the box-office Kareena Kapoor after Jab We Met is here to stay on the top for a long long time. The beauty with brains is the main reason the audiences are flocking to the theatres to watch Tashan. Kareena Kapoor is extremely happy to land such a cool role. "I think it's a tailor made role for any actress. I think I am extremely lucky to get this role. It's like a hero's role, it has action, romance, song, dance everything in it besides which I think it has a lot of closeness to me, the kind of girl she is, very headstrong, knows her emotions," said Bebo. Well lets hope the luck doesn't end for Bebo with Tashan's failure at the box-office.

How to play
Fill in the blank squares, using 1 to 9, without repeating any number in any line. The lines must be filled in with numbers that add up to the total in the shaded box at the top or beginning of each line. A number in the bottom half of the shaded box is the downward total; in the top half, it's the horizontal total.
