Solution to No. 847

No knowledge of arithmetic is required to enjoy this. All you need is a logical mind, a pencil and an eraser. Try it. Suffer its torture. Discover its ecstasy. It's a mind game you will solve with reasoning and logic. The rules are very simple. Fill in the grid with numbers so that every row, every column and every small 3x3 box contains the numbers 1 to 9. Each number has its allotted place if you look hard enough. No number should be repeated in any row, column or 3x3 box. Here's an easy one to try - See tomorrow's Island for solution.

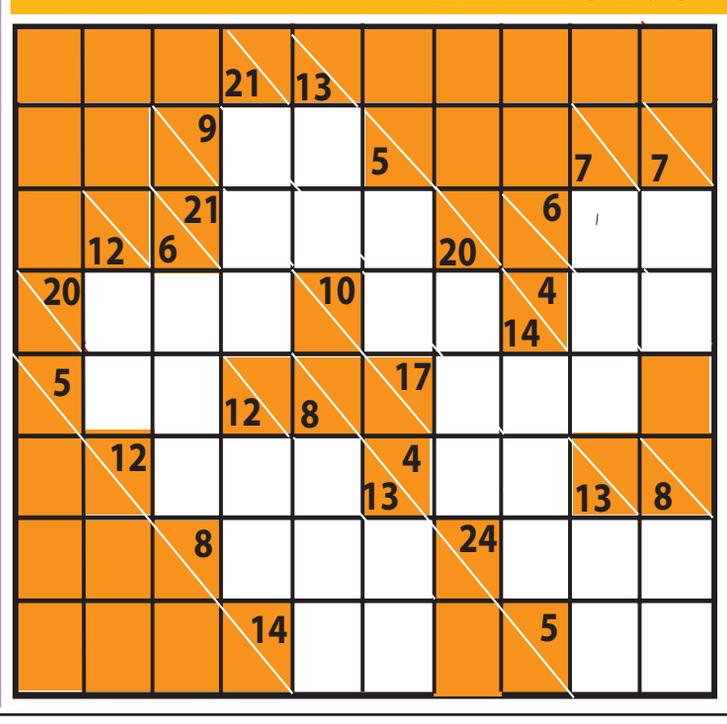
Aish Down With Measles

Aishwarya Rai Bachchan, who was quite busy these days promoting her flick Sarkar Raj and also with preparation of the Bachchan tour, The Unforgettable, has taken a short break. The break though is not out of wish, but out of her illness. The beautiful actress isn't looking quite good these days as she has caught German measles. Papa Bachchan is surely taking special care and is making sure he checks on his darling Bahu whenever possible.
Must say that the girl is really lucky to have such great Pa-In-Law….

KAKURO 72



How to play
Fill in the blank squares, using 1 to 9, without repeating any number in any line. The lines must be filled in with numbers that add up to the total in the shaded box at the top or beginning of each line. A number in the bottom half of the shaded box is the downward total; in the top half, it's the horizontal total.
