Solution to No. 907

No knowledge of arithmetic is required to enjoy this. All you need is a logical mind, a pencil and an eraser. Try it. Suffer its torture. Discover its ecstasy. It's a mind game you will solve with reasoning and logic. The rules are very simple. Fill in the grid with numbers so that every row, every column and every small 3x3 box contains the numbers 1 to 9. Each number has its allotted place if you look hard enough. No number should be repeated in any row, column or 3x3 box. Here's an easy one to try - See tomorrow's Island for solution.

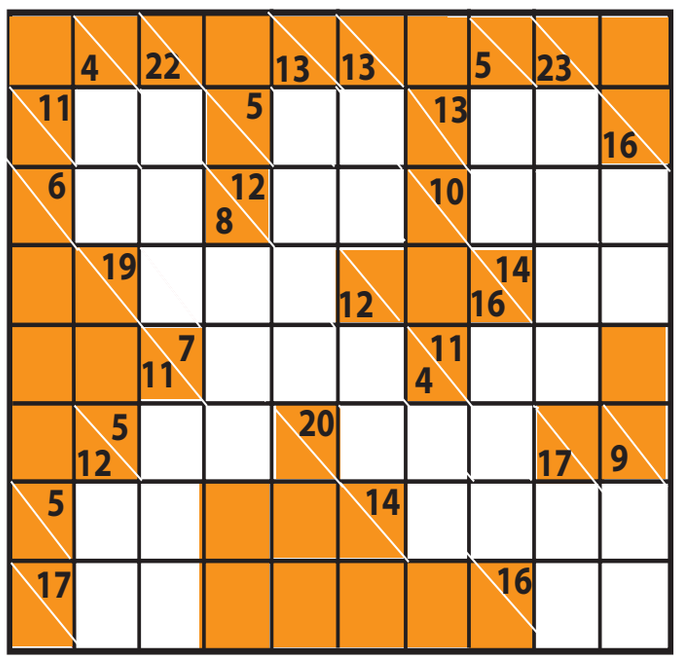
Ekta Kapoor Gives Up Her Ego, Frees Prachi!

Ekta Kapoor is extremely possessive about her actors and she has been to known to giving her actors a hard time if they tried to break their commitments with her production house.

Rajiv Khandelwal was one actor she was very possessive about, they had a huge spat when he chose to walk out of her daily soap for a career in movies. Now Prachi Desai has walked out on Ekta and struck gold with Rock On. Quite obviously she was flooded with offers from big banners after the success of Rock On. But Prachi could not sign any film because of her committments with Balaji telefilms.

Prachi apparently called up Ekta and requested to release her from all the prior committments. So Ekta voluntarily gave up on her ego and let Prachi sign new movies. Prachi has already signed up for two of Mahesh Bhatt's films - Jashan and Life Partner.

KAKURO 134



How to play

Fill in the blank squares, using 1 to 9, without repeating any number in any line. The lines must be filled in with numbers that add up to the total in the shaded box at the top or beginning of each line. A number in the bottom half of the shaded box is the downward total; in the top half, it's the horizontal total.
