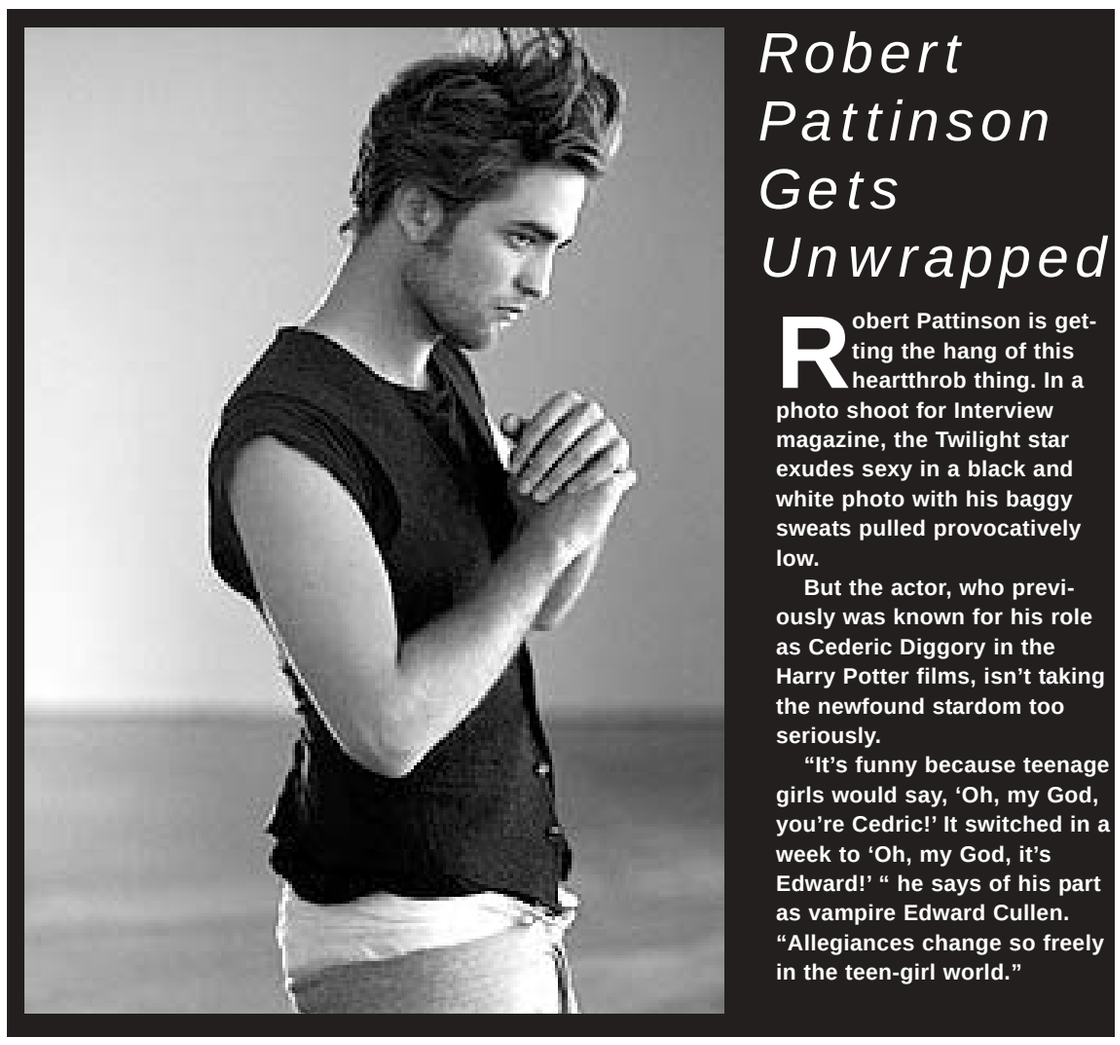
REALITY CHECK



Robert Pattinson Gets Unwrapped

Robert Pattinson is getting the hang of this heartthrob thing. In a photo shoot for Interview magazine, the Twilight star exudes sexy in a black and white photo with his baggy sweats pulled provocatively low.

But the actor, who previously was known for his role as Cederic Diggory in the Harry Potter films, isn't taking the newfound stardom too seriously.

"It's funny because teenage girls would say, 'Oh, my God, you're Cedric!' It switched in a week to 'Oh, my God, it's Edward!' " he says of his part as vampire Edward Cullen. "Allegiances change so freely in the teen-girl world."

Solution to No.1125

No knowledge of arithmetic is required to enjoy this. All you need is a logical mind, a pencil and an eraser. Try it. Suffer its torture. Discover its ecstasy. It's a mind game you will solve with reasoning and logic. The rules are very simple. Fill in the grid with numbers so that every row, every column and every small 3x3 box contains the numbers 1 to 9. Each number has its allotted place if you look hard enough. No number should be repeated in any row, column or 3x3 box. Here's an easy one to try - See tomorrow's Island for solution.

How to play Fill in the blank squares, using 1 to 9, without repeating any number in any line. The lines must be filled in with numbers that add up to the total in the shaded box at the top or beginning of each line. A number in the bottom half of the shaded box is the downward total; in the top half, it's the horizontal total.
